How to Setup a New Device?

Step 1: Ensure that the **Runo-registered SIM card** is inserted in **SIM Slot 1**.

Step 2: Click on the **invitation link** and set your password.

Step 3: Log in to the **Runo application**.

Step 4: Tap **Request Permission** at the bottom of the screen.

Step 5: Allow **all permissions** one by one.

Step 6: Go to **Menu → Call Track Assist Page** and check if all permissions show a **green tick**.

Step 7: If any permissions are missing, tap **Grant** next to the permission and accept the request.

Step 8: For setting up **Call Recording**, open **Runo** → Go to **Menu** → Tap **Help** next to **Call Recording Path**.

Step 9: Refer to the setup video specific to your device model for call recording instructions.
